Looking for an opportunity to focus on your Hispanic research without distractions and with direction? Then join **Juan and Rachel Rodriguez**, experienced family researchers at the Torrance Family History Center where you will have access to Familysearch.org, Ancestry.com, microfilm, and microfiche readers.

Juan Rodriguez was born in Mexico City. He did family research at the former Huntington Park Family History Center from 2002 to 2012. His parents involved him in genealogy research since he was very young. Rachel Rodriguez was born in Chihuahua, Mexico. She has been doing genealogy research since 2002. Each have been given the assignment of Area Family History Consultants for Spanish speaking units for the LDS church since 2012.

Parking is available at the FHC. We are grateful to the Torrance FHC and their volunteers for their assistance in making this program possible.

**We encourage you to use the FHC even when it is not Hispanic Thursday.**
